

# Short-finned Mako Shark

*Isurus oxyrinchus*

They are dark (slate-colored) on top (dorsally) and white underneath. They have shimmering, metallic blue sides.

They can reach 13 feet (3.8 m) long and weigh up to 330 pounds (1450 kg).

They have black eyes, long gill slits, and a pointed snout.

They have lots of sharp teeth.

As their name implies, they have a relatively short dorsal and pectoral fins with rounded ends.
